New Nuclear Development Update Report
V.C. Summer Units 2 & 3**

During the week of March 26, 2018, Office of Regulatory Staff – New Nuclear Development personnel (NND Personnel) worked at the VC Summer site on Monday.

On Monday March 26, NND Personnel attended the Plan of the Day meeting which focused on safety, SCE&G security and demobilization/abandonment of the site. The following activities were discussed:

- The demobilization of large storage containers continues.
- Craft labor are staging building materials and pallets for demobilization.
- Craft labor continue to perform maintenance on storm water basins.
- Craft labor continue to collect rental equipment, such as pipe stands, for demobilization.
- Westinghouse is disassembling the concrete batch plant in preparations for auction.

The SCE&G Abandonment Manager stated that the “Right of Entry” agreement is still under review for approval. The “Right of Entry” agreement would allow Santee Cooper’s contractor access to plant equipment on the construction site and plant equipment located at the offsite warehouses in Blythewood and West Columbia (Metro).
